communityhealthprograms.org

April 2013

On behalf of Community Health Programs, I am pleased to announce our partnership with East Coast Prep. Our dedicated medical team is looking forward to working closely with the staff of East Coast Prep to keep their athletes healthy by providing primary health care, dental services, and nutrition care as needed.

CHP's primary care providers located in our Great Barrington, MA offices include:

Family Practice:

- Lara Setti, MD, Medical Director
- Heather Flynn, MD
- Kathleen Floyd, FNP

Pediatrics:

- Siobhan McNally, MD, MPH, FAAP
- John Horan, MD, MPH

Internal Medicine:

- Thomas Irwin, DO

Dental:

- Casandra Jones, DMD, Dental Director

Nutrition:

- Erika S. Tilley, MS, RD, LDN

Community Health Programs accepts over 100 insurance plans. Our patient registration forms can be downloaded from East Coast Prep's website, or by visiting www.communityhealthprograms.org. CHP's website also provides a link to our patient portal where electronic medical records can be securely accessed, should a student athlete require our care.

We look forward to serving East Coast Prep. and welcome any questions you might have.

Sincerely,

Lacy Florentino-Consolini

Chief Operations Officer
